

This school has complied with the government's guidance on the full opening of schools for 2022.

COURT LANE ACADEMIES

FIVE STEPS TO SAFE LEARNING

- We have carried out a full COVID-19 risk assessment and shared the results with the people who work in our school.
- We have cleaning, handwashing and hygiene procedures in place in line with national guidance.
- We continue to follow government guidance on organising groups, wearing face coverings and safe spacing in our school.
- Staff and timetables continue to be organised to reduce contact between groups where it does not compromise the education of children.
- We continue to limit visitors to our school and ask that everyone who visits us test before they visit and wear face coverings whilst moving around the premises.
